This document to be included as an addendum and an integral part of the Purchase and Sale Agreement.

The Builder/Contractor reserves the right to make product and material substitutions of similar quality or better in the event the product or material names herein is unavailable or to conform to local codes.

Plan dimensions are approximate and can be changed at the builder's discretion.

Any additions or deletions to the original specifications or plans will require a Change Order.

The buyer will pay any costs incurred by delays due to specific customer ordered choices. To include labor charges and finance charges.

Site Visits: Safety is the number one concern at our site. Unless accompanied by the listing broker or a builder representative, buyers are asked not to visit the site.

Sub-Contractors: Sub contractors play a significant role in the successful and timely completion of your home. They work on very tight schedules and lengthy discussions will only delay the process. It is our policy that no sub-contractors discuss monetary issues or changes in the work with customers. All questions related to your home must be channeled through the listing broker or a builder representative.

Change Orders: Change orders are done through the listing broker. The scope of change needs to be determined, priced accordingly, and then signed off by buyer and builder. Payments for changes will need to be submitted at the time the change order is created, and are non-refundable.

Delays in Construction: Any delays in construction that are due to buyer change orders or indecision, weather, labor shortages or material shortages outside of the builders control can delay the closing exponentially due to predetermined scheduling. Under no circumstances will Seller be responsible for Buyer's rate locks or any other lender related costs or restrictions.

Cleaning: House and grounds to be left "broom" clean, Fine window cleaning to be done by Owners.

Permits: All building permits included
