

# The Townhomes at

## Stonehill Pointe AT HERSEY GREEN

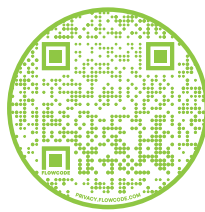

NEWMARKET, NH

Set in an established residential neighborhood, Stonehill Pointe is a 32-unit new home community located only a mile and a half from Newmarket's newly revitalized downtown area. The 32 end-unit townhomes each feature large, open-concept living spaces, a back patio or deck, and 3 bedrooms on the third floor, including an impressive master suite. Sidewalks extend from the community to nearby Newmarket Elementary School and all the way into downtown. Homeowners will enjoy maintenance-free living and have the opportunity to make their own interior selections. The townhomes at Stonehill Pointe are part of a multi-phase community with single-family condominium residences planned for a later date.
